# RPC940 POLE CAMERA

The RPC940 is a telescopic pole camera suitable for security use.

# The RPC940 is a telescopic pole camera with covert infra-red illumination.

A colour video image is displayed on a 5" LCD DVR monitor unit. In total darkness the camera automatically switches to black and white.

Illumination is provided by 36 infra-red LEDs, operating at a wavelength of 940nm, which is invisible to the naked eye (no red glow).

The pole length is 2.5 metres when fully extended, with a collapsed length of 0.85 metres. The adjustable camera head is water resistant to IP67.

The DVR monitor unit has SD card video recording with on screen playback / thumbnail selection. Internal batteries provide up to 8 hours of use per charge. Handling is easy, with the monitor being supported by an adjustable neck strap and bracket

The pole is supplied in a padded shoulder bag and the monitor is supplied in a fitted carry case.

# **FEATURES**

- + Clear picture High quality CCD video image
- + Excellent in complete darkness Secure 940nm invisible IR illumination
- + Heavy Duty Chunky reliable components
- + Great imaging facility Superb 5 DVR monitor hub with neck strap
- + Long battery life Over 8 hours use from fully charged

# **RPC940 POLE CAMERA**

# **Contents and Specifications**

### Camera

- 1/3 PAL CCD Sensor, 420 TV Lines resolution Sensitivity 0.0 Lux
- · Head diameter 65mm
- Adjustable angle 0° 110°
- Operating temp 10 +55°C
- · Water resistant to IP67

### Pole

Telescopic fibreglass pole 0.85M collapsed / 2.5M extended

# **Viewing Monitor**

- 5 LCD screen, 640 x 480 pixel resolution
- · JPEG images and MPEG4 video
- · SD card recording
- On screen playback / thumbnails selection feature Internal batteries Lithium 11.1V D C, 4400 mAhr
  12VDC output to camera
- Water resistant to IP67
- Battery charge time 4.5 hours, working time 8 hours max

### **Accessories**

- Neck strap and bracket support system
- 1 Metre spiral power/video cable
- · Mains charger

### Case

• Pole supplied in padded pole bag 100 x 15 x 11cms and all other items supplied in heavy duty carry case  $50 \times 17 \times 43 \text{cms}$
